Prot. 4269

Att. To the Major of Százhalombatta, M. Vezer

Sannazzaro 20th March 2013

Dear Major,

I write you in order to send you some news about our city according our promise during our last meeting in Shazhalombatta.

You know in this moment there are many economic and political problems in Italy that are even getting worse as a result of the big spending reviews in the economic opportunities of the Municipality. The city government has had to cut or reduce many support services for weaker categories. Even Christmas light has been reduced in order to save money for maintaining the main services.

By the way, we are fighting hardly against the wasting and I do hope things will change soon with the new government.

### 2013 FIRST NEWS

Last month for the carnival celebration, our Pro-Loco Association, with the help of some private financing, was able to make a deal with a company that has installed a large ice skating rink in our central square Piazza Palestro.

For about 40 days, our young people have a lot of fun skating after school and also in the evening until midnight. With a music diffusion children and teenager enjoyed making skilled evolution around the trees and the lamps.

Here attached some pictures.

## Optical Fibres

Last year we made a project for connecting our two municipal buildings with optical fibres in order to start a new system of data exchange between our Server and all the offices. The goal was to save money for the connection and have much more speed data transmission.

In the same time we have been able to connect a the fibres also six webcams for controlling traffic and for security record.

One of them has been placed on the top of the tower and is inserted in our municipal web site: <http://www.comune.sannazarodeburgondi.pv.it/>

## CARNIVAL FEAST

On 10<sup>th</sup> February 2013, our Town has celebrated the carnival feast with a New Guinness :

### The longest Chocolate of the World

In the Market Square, we made a forty metres long table with a wooden guide and, under the precise control of a thousand citizens, the press and certificated by the our Major, our Pro-Locho Association with the help of a certified cook, produced a 31,14 meter long plain chocolate.

After the certification of the achieved Record for The longest Chocolate of the World, the long rail of plain chocolate has been broken by all the citizen gathered along the table and eaten in a few minute with great satisfaction.

In the pictures you can see our Major Giovanni Maggi, our Burgundo mask with big horns, our cameramen Pietro Gatti and the speaker of the local TV Teleracconto Stefano Calvi.

I'm Looking forward to hear from you soon.  
Yours sincerely  
President of the Twinning Committee

Andrea Ziglioli
